

Rules to apply as EUROCTO members

- a. To become a full member of the EuroCTO club **you have to have an experience of CTOs of at least 300 cases, and** you need to document at least 100 CTO procedures personally performed in 2 successive years (data sheet will be provided) and 2 written recommendations by club members.

Membership will be accredited after 1 year of associated membership with participation in the clubs registry and consecutive agreement of at least two board members (that is in the statute) **upon application.**

- b. Membership can only be **upheld** if you consecutively enter all personal CTO cases in the online registry of the club. **Failure to do so leads to termination of the membership upon decision of the board.**
- c. Membership will be **put on hold (from “full” to “associated”)** if less than 50 CTO cases per year are entered in the registry in 2 consecutive years.
- d. Members commit to actively participate in studies organized by the club (participation in 1/3 studies should be striven for).
- e. Members should gather at least once a year - preferably at one of the large interventional meetings or at a ECC-meeting.
- f. The club will be organizing **one** major CTO-meeting per year or every other year. Active participation of all club members is crucial, including all efforts to promote the meeting locally and country-wide.
- g. Club members who know of dedicated high-volume CTO-operators who are not yet a member but would fulfill the membership criteria should ask them to join the club.
