

First Announcement

CTO Summit 2012

TORINO

March 8th-9th 2012

A.S.L. TO2

*Ospedale San Giovanni
Bosco di Torino*

A.S.L. TO3

*Ospedali Riuniti
di Rivoli (Torino)*

The course focus on revascularization of coronary artery chronic total occlusions (CTO), one of the most challenging fields in interventional cardiology.

Presentation from experts and case review sessions, as well as live cases will allow the participants to familiarize with new techniques and tips & tricks in CTO interventions, in order to optimise procedural success and minimize complications.

The program will be available also on the following web-site: www.educazioneprevenzionesalute.it from November 2011
